

Please help save Owlthorpe Heritage & Nature Trail

Our vision for the Ochre Dyke Corridor is that it should be protected by Natural England from its header waters in Birley Wood all the way down to the river Rother.

Published 2nd February 2023 Natural England unveils new Green Infrastructure Framework. "Guidance will create nature-rich towns and cities, helping millions realise the benefits of accessing nature. As a comprehensive tool, the Green Infrastructure Frameworks and accompanying Design Guide will support local planning authorities and developers design and create more nature-rich urban greenspaces to meet mandatory Biodiversity Net Gain requirements and support development of Nature Recovery Network. "Natural England's commitment is that the public should be able to access green space or water, such as woodlands, wetlands, parks and rivers, within a 15-minute walk from their home."

Owlthorpe Heritage & Nature Trail has received government funding from Natural England Under their Higher-level Stewardship Scheme, please view map. It is only when Sheffield City Council stopped receiving funds did Owlthorpe Heritage & Nature Trail become vulnerable to Sheffield Planning Department, who now want to destroy our Oasis and propose to build 150 new houses on site.

Please help save Owlthorpe Heritage & Nature Trail by
Signing our petition to Sheffield City Council: <https://chnng.it/6vXHqcGG4S>
Also, our petition to Parliamentary Ombudsman: <https://chnng.it/FPc7X4Nq>

Thank you Michael Meredith
